SAY HELLO TO GWM

For 18 years, GWM has actively shaped the South African automotive industry.

Our unwavering commitment to excellence is evident in our world-class SUVs and bakkies, and we've taken a definitive leadership position, pioneering the way in New Energy Vehicle mobility for South African drivers.

As a major global automotive player with over 14.9 million vehicles sold in 170+ countries, GWM's vision is to lead global mobility through cutting-edge technology.

This global expertise fuels our deep commitment to South Africa, where we invest boldly in R&D for continuous innovation.

The new Haval H6 exemplifies purposeful innovation. It has been reimagined with refined design, enhanced performance, and intelligent upgrades that elevate every journey, moving you forward with confidence and style.

DESIGNED FOR THE MOMENTS THAT MATTER

From its bold front to its refined rear design, the new Haval H6 has been crafted with meticulous attention to detail. Whether navigating daily life or embarking on new adventures, it's an SUV designed to elevate every moment behind the wheel.

5

- 01** Make your mark from the moment you arrive with the H6's Signature Front Grille.
- 02** Light up the night the Haval H6 way with these high-end LED Taillights.
- 03** The perfect finish right down to the rims with the 19" Alloy Wheels.
- 04** Experience something more luxurious and relax into the Leather Accented Seats.
- 05** A luxurious cabin design, where comfort and class are standard.

Model-dependent features mentioned. Please consult the specifications section from page 28.

The Haval H6 PHEV delivers
over **1 000 km** of combined
driving range.

For the moments that move you.

FIND YOUR PERFECT **POWER**

With more powertrain options than ever before, the Haval H6 combines advanced internal combustion engines with sophisticated hybrid technology.

Both Hybrid Electric Vehicle (HEV) and Performance Hybrid Electric Vehicle (PHEV) models feature a 1.5L turbocharged engine paired with electric motors, delivering impressive and enhanced efficiency.

Leading the lineup is the innovative Hi4 plug-in hybrid system, GWM's intelligent hybrid all-wheel drive technology that seamlessly balances petrol and electric power for enhanced performance, traction and efficiency.

For those who prefer traditional combustion power, the H6 is also available with a powerful 2.0L turbocharged petrol engine.

Together, these options allow drivers to choose the H6 that best suits their lifestyle.

ENGINEERED FOR EVERY JOURNEY

The Haval H6 offers multiple driving modes designed to optimise performance, efficiency and control across different driving conditions.

Whether navigating city streets, cruising on the highway, or tackling more challenging terrain, the system intelligently adjusts throttle response, steering feel, and power delivery to provide a confident and refined driving experience.

HAVAL H6

Model-dependent features mentioned. Please consult the specifications section from page 28.

REFINED INTELLIGENCE

The new Haval H6 is a tech-smart SUV, with PHEV models featuring the advanced GWM's Coffee OS, designed to deliver a seamless digital experience through intuitive connectivity, vehicle information, and integrated controls.

COMFORT, CONVENIENCE
AND CLASS IN ONE TRULY
DISTINGUISHED SUV
