DISCLAIMER	
When towing a trailer, pay attention to the weight limits for passengers and luggage in the towing vehicle to avoid exceeding the maximum gross combination mass. For example, when the trailer is at its maximum mass, reduce the number of passengers and the amount of luggage in the towing vehicle. Consult your local service provider for specific requirements.	
All vehicle configurations, functions, exterior colours and interior details shown herein are for reference only. Specifications may be adjusted without prior notice in accordance with production batches and local regulatory requirements of sales regions. GWM SA reserves the right to final revision and interpretation of all vehicle configurations, technical parameters and colour schemes.
